REV. GEO. M. ROURKE

Address Pupils at the Marion Business College

Rev. G. M. Rourke delivered an address before the student body of the Marion business college at 8:30 o'clock this morning. His theme was "The Essentials of a Successful Business Man's Career." The talk was very practical and highly interesting. Prof. Crim, manager of the college, has arranged for a series of weekly talks by various prominent speakers and business men, to be delivered before the student within the next six weeks. Mayor Louis Scherff will talk Thursday morning. Visitors are always welcome.

Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her sufferings were terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by The Dumble Pharmacy, Opp. Ker House.

EVERYTHING WAS LOVELY

Councilmen Hold a Regular Love Feast.

FOUR STREET PAVINGS

And Eight New Sandstone Walks Ordered.

No Hair Pulling Scenes Enacted and no Green Room Sessions were Held.

For a real nice, tame session of the City council, one free from strife and the stress of battle, Monday evening's meeting deserves to go down in history as the ne plus ultra of earnest simplicity. Why, bless your soul, Doctor Seiter and Mr. Wilson did not by any chance, come within a reasonable distance of getting on each other's nerves. Nope. It was a nice quiet meeting and a great deal in the way of improvement was done.

Sandstone sidewalks will be laid on various parts of eight different streets, four other streets were ordered paved, a number of new gas lights will be installed water extensions made and sewer, gas and water taps ordered in on the streets on which the improvements will be made.

Petitions were introduced asking for sandstone sidewalk on the following streets: North side of Bellefontaine avenue from the east line of the Pennsylvania railway to the west line of lot 1654, east and west sides of Miami street from Bellefontaine avenue to McKinley street, west side Fies avenue from Bennett street to lot 7067, west side of Cleveland avenue from Wallace to Superior streets, east side of Patterson street from Mark to Jerome, east side of Herr street from Silver to Edward, on the north side of Walnut from Delaware avenue to Prospect street, on the east side of Mound from Columbia to Buckeye, and on the east side of Fies avenue from Bennett to lot 4067. A resolution providing for the construction of all these walks was then introduced and adopted.

Petitions were then introduced asking that Girard avenue between Columbia street and Bellefontaine avenue be paved with brick and a resolution authorizing the board of public service to make the contract was adopted. The same applied with reference to Cherry street from Columbia street to Bellefontaine avenue; the Boulevard from Center street south to the south line of the Marion Shoe factory property and Grand avenue north from Center street to the Big Four tracks.

A resolution was then adopted naming the various city parks as follows: the north end park to be known as Lincoln park, south end as Garfield and the east end as McKinley.

Following up the improvement idea and bearing in mind the "ripped up" condition of many of the uptown streets, council then adopted an ordinance ordering that sewer, gas and water taps be put in by all property owners along the streets to be improved with paving.

A petition asking for a sanitary sewer and cellar drain on Mary street between Silver street and the Silk Mill property was referred to the sewer committee. Another asking that the water mains be extended on Mary street from Silver to the silk mill property was also referred to the proper committee.

A resolution authorized the Marion Water company to extend its mains 600 feet south of Bellefontaine avenue on Pearl street.

Gas lights were ordered placed on Fahy street between Silver and the Silk Mill, on the east side of Mound between Darins and Mound, on the east side of Davis street 400 feet south of Darins, on the east side of Chester and the east side of Grand avenue 50 feet south of the Big Four tracks.

Mr. Reber of the police committee then announced that Mayor Scherff had appointed John A. Stengel of Silver street and W. L. Kerr of east Center street as special policemen. These men are to be given police authority but only to act when called upon. They will receive what little pay they draw out of the special police fund.

The mayor's report for the month of February shows a collection of \$250.00 in fines and licenses. This amount includes the fines assessed against the three keepers of houses of ill fame in the West End of the city and the amounts assessed against the various Doe boys who were caught in those raids.

SAN FRANCISCO'S GREAT EARTHQUAKE

Will be Topic for Tonight's Meeting.

An Excellent Service with Great Interest was Conducted Last Evening.

"What an Earthquake Did" will be the subject of the Sermon by Evangelist Mahood at the Epworth M. E. Church, this evening.

Dr. Mahood was in San Francisco holding evangelistic services at the time of the earthquake, and this sermon will be a description of the stirring scenes of those days.

Last night, Mr. Mahood preached on the subject, "Not Far From the Kingdom." He stated that hundreds of people, reared in Christian homes, attended in childhood Sunday School and church, now living in the midst of churches and religious influence, hearing frequently the gospel message, acknowledging they believe in Christ and the Christian religion, who are very near the Kingdom, yet live without Christ and will die without Christ and be lost forever.

Rev. Dr. Rourke of the Presbyterian church, made the opening prayer of the service. The service throughout was a most interesting and inspiring one. Several were converted in the after meeting.

For the remainder of the week, the topics upon which Dr. Mahood will speak are:

Wednesday, 7:30, "The New Birth." Dr. Mahood will tell the story of Jack—A Twentieth Century Miracle.

Thursday, 7:30, "God Hath Spoken." Dr. Mahood will tell about Brown Bear, the converted Aleutian Indian, whom he knew.

Wednesday afternoon, 2:30, Dr. Mahood will speak to wives and mothers, and on Tuesday afternoon, 3:30, Dr. Potter will speak to boys and girls.

ROYAL RINK WAS PACKED

First Masquerade Skate was a Winner

EVERY ONE WAS HAPPY

Best of Order Prevailed During the Evening

Judges Had Some Difficulty in Arriving at a Decision so the Prizes Could be Awarded.

It is estimated that more than two thousand people visited the Marion Roller rink last night when the first masquerade skate held in the history of the popular place of amusement, was pulled off. From the time the doors were thrown open, at 7 o'clock until closing time there was one steady surging mass of humanity, packing the spectator's row to more than its capacity and making a necessary floor to accommodate the scores of curious visitors.

It was declared last night by good authority that the assemblage was the largest ever congregating in any place of amusement in the city. Visitors from Prospect, Caledonia, Galion, Agosta, Radnor, Morral and other towns were present and the affair was even a greater success than was the opening night, less than a year ago.

Twenty minutes after the doors were opened, the house was packed. The jolly skaters in their many novelistic mask uniforms furnished amusement for the hundreds of spectators. Probably there never has been a masquerade in the city where a more spectacular scene was presented. The best of order prevailed during the evening and the ushers were not called upon to remove a single person.

Until 8:30 o'clock the masqueraders skated at random and then the judges appeared upon the floor and "Everybody tried to look pretty." The judges were Judge Young, Judge Foster and Attorney William Scollard. After carefully scrutinizing the numerous magnificent costumes presented, the judges finally decided that Hattie E. Worthington, daughter of Captain of Police, Arch Worthington, was worthy of the first lady's prize while Harvey Davis was declared winner of the gent's prize. The former was crowned as a highland seotch lassie while the latter represented "The athletic woman." The prizes were tickets good for skates and admissions for a period of one month.

The grand march the principal feature of the program was carried out at 9 o'clock. It was led by Mr. Cassidy and Miss Stahl and successfully managed by skate master John Utteris. Fully two hundred couples participated. After the march everybody unmasked and surprises were numerous.
